SKILLS

- **Programming:** Python | HTML | Java | JavaScript | C# | SQL
 - **Frameworks & Libraries:** ReactJS | Django | Node.js | .NET | Bootstrap
 - **Tools & IDEs:** Android Studio | Visual Studio | IntelliJ IDEA
 - **Operating Systems:** Windows | Linux
 - **Other Skills:** REST API development | Database management | Network automation | Cybersecurity fundamentals
-

EDUCATION

International Business, Science & Technology University (ISBAT University) – Kampala, Uganda

Professional Certificate in Software Engineering

- **CGPA:** 3.83 / 5.0 – Demonstrates consistent academic excellence and a dedication to achieving high standards.
 - **Key Coursework:** Software Design & Architecture, Web Development, Mobile App Development, Database Management, Software Principles.
 - **Achievements:**
 - Graduated with distinction, ranking in the top 20% of the program.
 - Recognized for exceptional project work in software development.
 - **Qualities Derived from Academic Performance:**
 - Strong analytical and problem-solving skills.
 - Attention to detail and a results-oriented mindset.
 - Effective time management and ability to meet tight deadlines.
 - Adaptability to new tools, technologies, and challenges.
-

PROFESSIONAL EXPERIENCE

Freelance Multiplatform Developer

Self-Employed | 2020 – Present

- Develop and deploy full-stack web applications using Node.js, React.js, and Django, ensuring scalability and responsiveness across devices.
- Design, build, and maintain mobile apps for Android and iOS platforms with Swift, Java, React Native, and Flutter, integrating APIs and push notifications for seamless user engagement.

- Create and manage RESTful API endpoints to connect frontend interfaces with backend services, ensuring efficient communication and data flow.
 - Optimize performance and ensure security by implementing caching, encryption, authentication protocols, and input validation across web and mobile platforms.
-

CERTIFICATIONS

- **Cisco Certified DevNet Associate:** Focused on software development, network automation, and APIs.
 - **Cisco Certified Network Associate (CCNA):** Provided foundational networking knowledge, including IP addressing, routing, and switching.
 - **CyberOps Associate (Cisco Networking Academy):** Covered cybersecurity fundamentals like threat analysis and incident response.
 - **Introduction to Internet of Things (IoT):** Explored IoT systems, data flow, and programming basics.
 - **Introduction to Cybersecurity (Cisco Networking Academy):** Introduced cybersecurity principles and secure software practices.
-

WHY CHOOSE ME?

- **Proven Academic Excellence:** A CGPA of 3.83 reflects my dedication to learning, ability to excel under pressure, and consistent delivery of high-quality results.
- **Multifaceted Expertise:** Equipped with skills in both frontend and backend technologies, cybersecurity, and network automation, I bring a comprehensive approach to problem-solving.
- **Innovative Thinking:** My academic projects and professional experience highlight my ability to design creative solutions tailored to user needs.
- **Growth Mindset:** I am committed to continuous learning and am excited about contributing to your organization's success while further enhancing my skill set.
- **Results-Oriented Work Ethic:** Whether working independently or as part of a team, I focus on delivering efficient, scalable, and user-friendly solutions.
